

DELTA REGIONAL AUTHORITY
2010 Federal Grant Program
Allocation Formula

The DRA enabling legislation requires the Authority to update distressed county designation annually.

The following calculations reflect these updates.

2010 Allocation Methodology

Factors used in determining 2010 Allocation:

Factor	Factor Percentage
Equity Factor (divided equally among eight states)	50%
Population Factor (DRA counties/parishes only)	10%
Distressed Population (DRA counties/parishes only)	20%
Distressed County Area (DRA counties/parishes only)	20%

The model included factors using 2010 Distressed Counties (based on 2007 Per Capita Income from the Bureau of Economic analysis and average from August 2007 to July 2009 National Unemployment Rate.)
