

### **FAQs: Delta Leadership Institute Request for Proposals (RFP)**

Under “Submission Requirements,” may the Organization submit a proposal in every category listed (Program Lead, Exec. Education Workshops, Administration and so on)?

- We discourage any one Organization from proposing to handle every component of DLI. Rather, we encourage applicants to choose 1 to 3 different elements to include in their proposal.

I do not see an award potential amount in the RFP. Can you share with me what that would be?

- There is not a pre-determined award amount. These are programmatic, rather than grant, funds. That said, DRA contracts with Organizations for the delivery of the program.

What is the period of performance?

- The period of performance starts following contract execution; however, service agreements between Organizations and the DRA generally coincide with the federal fiscal year, Oct. 1 – Sept. 30.

The RFP implies eligible Organizations be located within the Delta region. While our primary location is outside the DRA footprint, we have satellite offices within the DRA footprint. Are we an eligible institution under the RFP?

- Yes, although your primary location is not located within the DRA footprint outlined in the RFP, the satellite locations located within the Delta region qualify you as an eligible entity under this RFP.
