

The microphone is all yours.

tell us what you think

during our community

listening session

The Delta Regional Authority (DRA) invites you to attend a public online economic development forum. The forum, which will be hosted via Zoom, is designed to help the DRA gather stakeholder input and ensure local voices are heard as it updates its regional strategic plan for the next five years.

As part of the planning process, the DRA is seeking the input of key stakeholders that play important roles in the economic health of the region. As a community leader or stakeholder in the Delta region, your perspectives on effective approaches for economic development are important to the DRA.

About the Delta Regional Authority

The Delta Regional Authority (DRA) is a federal-state partnership created by Congress in 2000 to promote and encourage the economic development of the lower Mississippi River Delta region and Alabama Black Belt. DRA invests in projects supporting transportation infrastructure, basic public infrastructure, workforce training, and business development. DRA's mission is to help create jobs, build communities, and improve the lives of those who reside in the 252 counties and parishes of the eight-state region.
